Profile

3rd Year Artificial Intelligence and Machine Learning student with experience in Python and machine learning concepts, and an interest in web development. Interested in using AI and problem solving to build practical applications and explore real-world challenges. I work well in teams and communicate effectively when collaborating on projects. I enjoy the process of discussing solutions together, planning the work, and making sure everyone stays on the same page to achieve a shared goal.

Education

2023 – Present	BTech in AIML <i>Mar Athanasius College of Engineering</i>
2021 – 2023	Class XII <i>Our Lady of Mercy Higher Secondary School</i>
